

SERVICE ROAD AND MITCHELL ROAD STREET PROJECT (ATPL-071)

Project Description:

Non-infrastructure project with the purpose of producing a planning document for a citywide active transportation network. The plan will layout policies, identify infrastructure projects, identify funding sources, and recommend implementation priorities.

Funding Source:

Measure L Funds – Bicycle and Pedestrian Project - \$22,366.09 expenditure as of 6/30/21

Federal Transportation Funding

Project Budget:

Estimated Project Cost - \$126,000.00

Project Status:

Project design by Placeworks Inc., scheduled for Council acceptance on August 23, 2021.

Location:

Help improve walking and bicycling in Ceres!

The City of Ceres is preparing a Citywide Active Transportation Plan

WHAT ARE THE PLAN'S KEY OBJECTIVES?

- Enhance safety, comfort, and convenience for people walking and bicycling in Ceres
- Actively seek diverse input from the entire Ceres community
- Develop a coordinated implementation strategy for improvements and programs
- Develop a user-friendly master plan document
- Propose specific projects that are realistic, implementable, and fundable
- Establish policy and design recommendations to improve walking and bicycling throughout Ceres

Take a survey!
Provide your input on walking and bicycling conditions and give us your ideas for pedestrian and bicycle infrastructure and programs in Ceres.
